On the day he will focus on his "mountaineering" AVs, and give a presentation on the making of "Soul Music", the AV for which he is best known. He also makes a lot of One Minute AVs so he will show a selection of those.

Malcolm is passionate about AV and is well known for his AV productions Nationally and Internationally.

He was awarded his Fellowship of the RPS with honours in 2000. He has recently been awarded the prestigious EFIAP distinction in Audio Visual.

Malcolm serves on the Royal Photography panel and the (PAGB) Photography Alliance of Great Britain distinction panels for AV. He writes the AV pages in the Film and Video Maker magazine. For over 20 years Malcolm has presented an annual public AV and supper show and raised thousands of pounds for Macmillan cancer support.

This is from Malcolm's AV - Soul Music.

THERE WILL OF COURSE BE TIME FOR ATTENDEES SEQUENCES.
