

NEXT MEETING BY ZOOM SATURDAY 18TH July 10am to 12.30

The next meeting will be a Saturday morning zoom when we show our AVs and invite comments from an appreciative audience. We were very pleased with your productions related to poetry last July.

This time the task is called Photo Harmony. They must be saved as MP4s for zoom. From RPS web site

“Photo Harmony should demonstrate skill in the production and visual progression of still images linked to sound. No script, words or story with a specific beginning, middle and ending are required but the images must flow well in a pleasing progression, not just in a random manner. Preferably the music and the pictures should end together”.

We’re not going to be as strict as this so you can use a song or words from a poem to help your pictures along. I once did an AV based on ‘The Ugly Bug ball sung by Burl Ives’ . There’s an idea for you nature photographers and you don’t have to literally illustrate it or you can simply concentrate on one item such as Butterflies of Europe for example.

These are examples of photos which because of the spring greens in the lake district could easily blend together as part of a ‘Harmony ‘

Sequence.
